

Ambassador Kotter with CAPT Lichtenstein, Executive Officer at Great Lakes Naval Clinic, who spoke at the Military Retiree Benefit Seminar.

Ambassador Kotter with Lt. Governor Pat Quinn who was our featured speaker to our veterans at the Military Retiree Benefits Seminar.

Taking care of soldiers does not stop at the end of their active service time, but continues through retirement. The nearest RAD is over 100 miles from our area and is only conducted in the even numbered years. This is the third Military Retiree Benefit Seminar that has been organized by Ambassador Kotter and sponsored by the 416th ENCOM Association that updates all military retirees on their retirement benefits such as TRICARE, MTF services, and VA burial entitlements.

This year's conference featured Mr. Pat Quinn, our Lt. Governor who has been very supportive and active in soldier and veteran affairs in the State of Illinois.
